## SPONSORSHIP AND SUPPORT OPPORTUNITIES

WITH THE  
ENDORSEMENT OF

IN COLLABORATION  
WITH

CONFERENCE  
SCOPE

The 7<sup>th</sup> International Conference on Hydrogen Safety ICHS 2017 will be held in Hamburg, Germany on September 11-13, 2017 under the auspices of the International Association for Hydrogen Safety "HySafe", see [www.hysafe.info](http://www.hysafe.info).

Since 2005 this biennial event succeeded in attracting the world's leading experts, by providing an open platform for presenting and discussing new findings, information and data on hydrogen safety covering the wide range of areas: from basic to applied research, development, risk assessment, standardization and regulations.

As commercialization of hydrogen fuel cell electric vehicles is imminent and other hydrogen applications are increasingly being deployed, ICHS 2017 will focus on the progress in safety of H<sub>2</sub> technologies and infrastructure, as essential means to enable smart H<sub>2</sub> solutions for global energy challenges. Therefore, the conference scope covers the broad range of hydrogen safety topics including Regulations, Codes and Standards, safety in hydrogen infrastructure, safe strategies for the implementation and scaling up of hydrogen technologies and system solutions, hydrogen and hydrogen blends behavior, physical effects, consequence analysis, incidents, accidents and near misses, hydrogen effects on materials and components, safety of energy storage, risk management and fuel cells related safety issues.

## CONFERENCE STRUCTURE

## CONFERENCE INFO

### PLATINUM € 15.000 - INCLUDES:

### GOLD € 10.000 - INCLUDES:

### SILVER € 5.000 - INCLUDES:

### SPECIAL SUPPORT

The ICHS 2017 will include thematic plenary sessions, topical lectures and parallel oral and poster sessions of contributed papers. The conference seeks to strengthen the near term introduction of hydrogen technologies in the market place.

For more information, please consult the conference website [www.ichs2017.com](http://www.ichs2017.com) or contact the chairperson of the Organizational Committee Marco Carcassi email: [carcassi@ing.unipi.it](mailto:carcassi@ing.unipi.it)

## “STANDARD” SPONSORSHIP MODELS

- Special privilege for your company's advertisement (i.e. oral presentation)
  - 4 participants for full fare registration
  - A stand within the designated ICHS2017 exhibit area
  - Your company's brochure included in all campaign material and in the conference bags to be given out at the conference, along with the logo of your company on our web page, final program, and proceedings given out at the conference
- 
- 2 participants for full fare registration
  - A stand within the designated ICHS2017 exhibit area
  - Your company's brochure included in all campaign material and in the conference bags to be given out at the conference, along with the logo of your company on our web page, final program, and proceedings given out at the conference
- 
- 1 participant for full fare registration
  - A stand within the designated ICHS2017 exhibit area
  - Your company's logo on our web page, final program, and proceedings given out at the conference

Besides the above formal models for sponsorship the organizers welcome any support regarding the infrastructural arrangements. Financing or co-financing of the gala dinner, lunches or the coffee breaks are possible alternatives. Such a support will give visibility to your company's commitment to support this unique event. As for the other sponsorship models the logo of your company will be added to our web page, final program, and proceedings given out at the conference.
